SUMMARY

Graphic Designer with expertise in building scalable visual systems, brand identities, and high-impact marketing assets. Proven track record in high volume production environments, translating business needs into polished digital and print collateral. Proficient in Adobe Creative Suite Figma, and Framer, with a strong focus on design consistency and production efficiency. Open to relocation within BC and Alberta.

SKILLS & TOOLS

Design: Brand Visual Design • Campaign Design • Marketing Assets • Graphic Design • Digital Content Design • Landing Page Design • Web Visual Design • Visual Systems • Brand Identity • Print Production

Tools: Adobe Creative Suite (Photoshop, InDesign, Illustrator, After Effects), Figma, Framer, Sketch, Cinema 4D.

EXPERIENCE

Independent Graphic Designer | Remote | 2023 – Present

- Led independent design projects across brand, web, and campaign work, creating landing pages, visual systems, and branded assets for early-stage digital products and promotional needs.
- Built clear visual direction and polished digital materials that turned rough ideas into stronger, more credible brand experiences.
- Shaped visual consistency across pages, content, and campaign assets to support launch-ready communication.

JD.COM | Beijing, China | 2021 – 2023 Graphic Designer

- Standardized the visual design framework for JD Industrial merchant pages, significantly improving design-to-development efficiency and cross-platform consistency.
- Executed high-visibility campaign visuals for major e-commerce promotions, delivering polished assets across app and web touchpoints to drive user engagement.
- Delivered high-volume visual production for operational and marketing initiatives, supporting campaign exposure and sales performance through fast-turnaround, quality-controlled design.

Starlight Education | Beijing, China | 2019 – 2021 Visual Designer

- Developed cohesive visual systems for learning products, ensuring a unified brand voice across app interfaces, websites, and promotional materials.
- Iterated on product visuals and illustration assets for flagship apps (Qukeduo, Aurora Word), directly contributing to improved product communication and user retention.
- Created multi-channel campaign assets, translating complex educational flows into intuitive and engaging digital marketing content.

Digital Homeland Technology | Beijing, China | 2018 – 2019 Visual Designer

- Contributed to brand identity development for child-focused smart hardware, shaping a distinct and market-ready visual presence for new product lines.
- Produced diverse promotional and campaign materials, supporting everyday marketing needs and brand communication across digital and physical touchpoints.
